## THREE FATALLY INJURED IN AN EXPLOSION OF GAS.

Three Others Badly Burned in Accident at Witter Avenue Tenement House Early This Morning.

### TWO STORIES AS TO CAUSE.

One is That Mrs. John J. Monaghan Left Gas Turned On When She Went for a Second Match—Other Blames Defective Plumbing—All Horribly Burned.

An explosion of gas in the bed room apartments occupied by the family of John J. Monaghan, in the tenement house on Witter avenue above the B. & O. depot, resulted in the serious injury of six persons, three of whom may die.

**Fatally Injured.** JOHN J. MONAGHAN, badly burned about the face and body.

MRS. JOHN J. MONAGHAN, badly burned about the face and body.

MARY MONAGHAN, two years of age, badly burned about the body.

MRS. THOMAS MCGARRITY, of Hazelwood, badly burned about the face and body.

ELIZABETH MCGARRITY, three years old, badly burned.

ELIZABETH MONAGHAN, four years old, badly burned.

All the injured are at the hospital where they are being given the most careful attention. Every effort is being made to save the lives of the worst injured, but it is feared that they will succumb to their frightful injuries.

Mary Monaghan, the youngest of the children, died this afternoon at the hospital, shortly after two o'clock.

This child was burned worse than the others. Mrs. and Mrs. Monaghan were still living, but their death is expected at any time.

The accident happened about half past five this morning. One story is that Mrs. Monaghan got up at 5:30 to light the gas stove. She turned on the gas but her match went out. Without turning the gas off again, Mrs. Monaghan went to another room for a second match. When it was lighted the explosion occurred.

Mrs. Monaghan was frightfully burned. Her clothes caught on fire and there is not a spot on her body the flames did not reach.

There is another story of the explosion which gained wide circulation and is accepted with credence. It is said that the plumbing in the room was defective and that a leak had been reported to the gas company. It is said that the explosion occurred when air forced the escaping gas down to a level with an oil lamp which had been burning in the room. People who occupied the apartments previous to the Monaghans are said to have complained of escaping gas.

The gas let go with terrific force. In an instant everything inflammable in the room had ignited. With the first flash the adult inmates of the room made a rush for safety. Monaghan and Mrs. McGarrity, who has been visiting the Monaghans, went through the front windows, while Mrs. Monaghan jumped through the one in the rear. With clothing ablaze, all were in a terrible plight.

Mrs. McGarrity, although badly burned herself, especially about the hands, did what she could to extinguish the blaze that burned at Monaghan's body. He then ran into the room to rescue the three little children who were left. They were tenderly but quickly removed to the kitchen.

Neighbors were quickly aroused by the force of the explosion. Mrs. Jacob Mansbury, who lives in the next house, was the first outsider on the scene. She heard the roaring of the flames and ran to her front porch just in time to see the two people coming through the front window.

Mansbury and her husband rushed to the assistance of the injured people and did everything possible to aid them. Mrs. Mansbury discovered Mrs. Monaghan on the rear porch. The injured woman was partly reclining on the porch floor.

Dr. M. B. Shupe was sent for, as was also Dr. Thomas H. White. Both physicians advised that the ambulance be sent for at once. Dr. McClenahan was notified of the accident and went direct to the hospital. Dr. Shupe was the first physician to arrive on the scene. He dressed the injuries of the children temporarily. By the time he got to the house the ambulance had arrived. Dr. Shupe and Dr. White saw both Mr. and Mrs. Monaghan, who had been taken upstairs, and directed that they be taken to the hospital at once. This was done.

Frank Porter, who lives nearby, was another early arrival. He extinguished the flames, which for a time threatened to spread to other rooms in the tenement.

At the hospital the injured ones were given medical attention as quickly as possible and whatever relief pos-

sible was administered. Mr. and Mrs. Monaghan and their two years old child, Elizabeth, are in the most serious condition. Monaghan inhaled the flames and was burned internally. This is what complicates his condition. In addition to this he was horribly burned. Only between his waist and knees is where the flames did not inflict terrible wounds. He pulled his trousers on after the accident and this is what protected him. His face was literally charred while the soles of his feet were burned off. A pitiful sight he presented while on his cot in the hospital, swathed in bandages, with only apertures for his eyes and mouth visible.

Mrs. Monaghan is also in a critical condition. Her recovery is practically despaired of by those in attendance at the institution. A part of her body escaped the flames, her burns being so serious that the flesh fell off in chunks. In addition to this the unfortunate woman was in an extremely delicate condition previous to the accident. This, the physicians say, reduces her chances for recovery.

Mrs. Thomas McGarrity had been visiting the Monaghans for about a month. She was also badly burned about the arms and body and a portion of her head, but her injuries are not necessarily fatal. Her daughter, Elizabeth McGarrity, three years old, is slightly burned, but will recover. Elizabeth Monaghan, the oldest of the children, is also painfully burned, but has a good chance for recovery.

The nerve of the little tots was generally commuted on. In spite of the great pain they must have been under, each one bore it like a stoic. One of them whimpered once, crying for its mother. But that was all. Swathed in bandages, they lie patiently in their cots in the hospital, while kind nurses and friends administer food and medical aid.

Mrs. Monaghan is almost unconscious, being the only one of the injured who has fallen into a semi-comatose state. One of the last things she asked for as she was being taken from her home was that the Bible be saved and a priest sent for.

John Monaghan is a brickmaker in the employ of the Baltimore & Ohio railroad. He has lived in the tenement house for some time, but up to two weeks ago occupied apartments in the rear. Then he moved into the front of the house. Mrs. McGarrity, who was visiting the family at the time, is the wife of Thomas McGarrity, a machinist employed by the B. & O. at Hazelwood. The McGarritys formerly lived in Dunbar, but moved to Hazelwood about two years ago. Mr. McGarrity was in Connellsville yesterday, paying his wife a visit, returning last night.

Everything in the room was damaged by the fire. A graphophone in one corner was practically destroyed, the ceiling paper burned off and much of the furniture charred. Several pictures, hanging on the walls, were not damaged to any considerable extent. Some clothing in the drawers of the bureau were burned.

Crowds of people visited the house during the day. Pieces of burned flesh, portions of finger nails and other gruesome reminders of the tragedy were picked up in the front yard by early comers and placed on a pile. Splashes of blood were to be found in spots. The three older people were slightly cut while going through the windows and this accounts for the blood stains.

**JOHN COONEY'S FUNERAL.**

Held yesterday from Late Home on East Fayette Street.

The funeral of the late John C. Cooney took place from his late residence on East Fayette street yesterday afternoon at 2 o'clock and from the immaculate Concepcion parsonage at 2:30 o'clock. Rev. Father J. T. Burns officiated.

The church was well filled with friends of the deceased and the floral tributes were numerous and handsome.

The pall bearers were Michael King, Patrick King, Peter King, Peter O'Connor, William Fagan and Thomas Fagan.

**Charley Stout Laid Up.**

Charles A. Stout, who had been laid up for several days at the Trans-Allegheny Hotel with rheumatism, is able to be around again. He recently started a nickelodeon at Buckhannon, W. Va., which is doing a nice business. Frank Huston of Connellsville is managing it for him.

**Eagles Reunion.**

The Eagles of Western Pennsylvania will hold a reunion at Luna park on July 27.

### PLENTY OF MONEY.

Spaniards Nabbed at Naples with \$200,000 in American Notes.

### STRAW HATS.

And Summer Cars Were Out in Their Glory Yesterday—Bad Weather Seems to Have Gone.

The straw hat made its debut yesterday. Also summer weather prevailed and the spell of bad weather seems to be broken, at least for the present. Yesterday and today have been almost ideal. Warm and sunny, people who have been cooped up, more or less, by the insupportable weather that has prevailed for weeks and weeks, were lured from their homes and took to the woods, the parks, or any place away from town. The street cars were put in service and they proved a refreshing change.

The summer car, however, only had one day for the company and was willing to run the risk of a sudden change in the weather. The straw hat appears to be here to stay, however. It is expected that the peckaboo waist will present itself for consideration within a short time.

### ONLY ONE DRUNK.

Jack Hahn Was the Victim in Police Court Sunday Morning—Suspicious Men Released.

Only one drunk appeared in police court Sunday morning as a consequence of Saturday evening's jollification, and that, unfortunately, was old Jack Hahn. "Poor Old Jack," as he is called by his friends, was drunk.

Jack's first appearance for several weeks, the old veteran having been on his good behavior. In order to remove him, for the present at least, from the temptation of the demon rum, Burgess Solson gave Jack 48 hours in the borough house.

Mike Kirby, Patrick Murphy and Frank Wolfe, all of McKeesport, were arrested last night as suspicious characters. They gave no explanation in connection to Burgess Solson and were discharged.

## BABY STAUFFER BURNED TO DEATH.

Margery, Two Year Old Daughter of Mr. and Mrs. W. F. Stauffer.

### CLOTHES CAUGHT FROM MATCH

Little one is Thought to Have Struck it While She Was Left Alone by Nurse for Minute in Lounging Room of Stauffer Home at Scottdale Sunday Morning.

Special to The Courier.

SCOTTDALE, June 10.—Margery, the two year old daughter of Mr. and Mrs. Walter Stauffer, was the victim of a dreadful accident, which caused her death at 9 o'clock Sunday evening. The child had been left in the "den" or gentleman's lounging room on the first floor while the nurse went upstairs with the other children, during the forenoon, the parents being at church. There was a box of safety matches in the room, the kind which can only be lighted by scratching them on the box. It is thought that the child got a match and set fire to its clothing. Its cries brought the nurse downstairs and she found it out in the hallway. The poor little one was dreadfully burned down one side of its face, around the mouth and over the body.

Dr. J. P. Strickler and Dr. C. W. McKee were summoned and did everything they could to alleviate its sufferings, although from the first they despaired of being able to save its life. An odd coincidence is that the father, W. F. Stauffer, cashier of the Scottdale bank, was badly burned on one hand some months ago by a match lighting and the pieces of blazing composition attaching themselves and burning several deep scars in his hand. He had to have the hand bandaged and have medical attention for some weeks, the hand being in a dangerous condition. Funeral arrangements have not yet been made.

### SHADY GROVE ROW.

There Was Some Fierce Fighting in Progress at Resort on Saturday Night.

There were two or three fierce scraps at Shady Grove on Saturday night. Two young men from Mt. Braddock, Scott Landman and Red Livingston, had a dispute on the grounds and started to settle it. They were separated and after considerable wrangling adjourned outside the grounds to fight it out. They slugged each other for while and then it was found that Landman had been cut in the side with a razor. Livingston did not do the cutting, but it was claimed that some friends of his were responsible. Milton Boyd was singled out as the man who did the cutting and despite the fact that he earnestly denied it he was given a severe beating by Landman's friends.

Today arrests are threatened as a result of the scrap. There was no officer at the Grove Saturday night. A request was made to have Adam Shufflet sworn in, but Sheriff Kiefer refused saying to the fact that Shufflet is under charge of murder and will be tried this week.

### SUNDAY VIOLATORS

At Uniontown Paid Their Fines As Usual This Morning Before Squire Boyle.

UNIONTOWN, June 10.—Seventeen violators of the Sunday laws appeared before Squire John Boyle this morning and paid their fines of \$8.55 each. They included the same merchants who have been keeping their stores open on Sundays in the County Capital for some time and a number of new ones. The list is the largest so far being filed.

There were no features in the movement for Sunday closing and next Sunday it is claimed practically all of the smaller shops and soda fountains will be open for business.

### Reagan Elected Treasurer.

### CRUSHED BY COW.

While playing with a calf tied in a stall the little six year old daughter of John Mullin, living in the Glade south of Addison, last week was fatally crushed by a dehorned cow appearing suddenly and pressing the child against the stall, and when found a few minutes later, the blood oozed out of its mouth, ears and nose and one eye was forced out of the socket.

### MRS. EDDY IN.

For the First Time Since Beginning of Litigation the Christian Science Founder Takes Action.

Publishers' Press Telegram.

CONCORD, June 10.—For the first time since the beginning of the Christian Science litigation Mrs. Eddy herself was the actual plaintiff today in proceedings before Justice Chamberlain.

While she made no personal appearance, her motions argued enunciated directly from her. The court is asked to investigate and determine whether Mrs. Eddy's property interests are fully protected, and whether the so-called "next friends" are acting in good faith.

It is expected that the outcome of today's hearing will be the appointment of a trustee to liquidate Mrs. Eddy's financial condition, since the determination of the question depends upon this point.

Judge Chamberlain today announced that he would appoint a master to inquire into the competency of Mrs. Eddy. The appointment will not be made for several days.

### BOTH SCARED.

Colored Man Was Afraid to Be Alone and Telegraph Operator Was Afraid of the Negro.

It developed this morning during the hearing of Joe Brown, the negro arrested at Youngstown Saturday night by Officers Metzler and Bayless under suspicion of having held a man up at Indian Creek, that a pair of badly scared men were mixed up in the case.

Brown was arraigned for trespass before Squire Frank Miller. He said he started to foot it from here to Cumberland, but became afraid in the dark. He went up to the telegraph tower at Young and asked the operator to let him sit on the wire all night. The operator told him to sleep in the room under the telegraph office. This Brown did.

The telegrapher, however, was afraid of Brown and wired to Connellsville that a suspicious looking negro was in the tower. Metzler and Bayless went to Young and found that the operator was scared worse than the negro. Brown was discharged by Squire Miller.

### WARD POLITICS

On a Large Scale Is the International Incident Between Uncle Sam and Japan.

Publishers' Press Telegram.

WASHINGTON, June 10.—The threatening international incident between Japan and the United States as the result of disturbances in San Francisco turns out to be merely an exhibition of ward politics on a large scale. The only international feature is that there happens to be in this country a number of Japanese sympathizers with an opposition party at home.

So far as the two actual governments are concerned the traditional friendship between the United States and Japan has not been disturbed and the San Francisco incident has been treated like any other trivial window smashing affair.

### THE BOYD CASE

Will Not Likely Be Any Prosecution, Shooting Appearing to Be An Accident.

County Detective Alex. McBeth and District Attorney Thos. H. Hodson yesterday morning investigated the shooting of little Helen Boyd by her father, A. I. Boyd. The two officials questioned members of the family at Coalingham yesterday and an evidence was developed that would warrant holding Boyd. There was no one in the attic of the house at the time of the shooting and there being no witness, except Boyd, a case of no guilt could hardly be made against him.

It is not likely therefore the officers say that any further action in the case will be taken.

### Big Sunday.

Sunday was a big day for freight on the B. & O.

Announcement is made that the present issue of \$10,000 notes will be called in and canceled. This action has been decided upon owing to the fact that 14 of the said \$10,000 were among those which vanished in Chicago last winter when \$175,000 disappeared from the sub-treasury.

### NARROW ESCAPE.

Mt. Pleasant Family Go Over 18 Foot Embankment—Train Stopped Just in Time.

SCOTTDALE, June 10.—It was nothing short of miraculous that Alex. and Hoyle, his wife and two children, escaped death from plunging over an embankment onto a railroad track, and that while they were in a tangled mass on the track a brakeman dashed a train and prevented it from running over the party. The accident occurred late on Saturday night.

Mr. and Mrs. Hoyle and two children started to drive to their home in Mt. Pleasant and in the darkness turned off the road near the Casket factory on Broadway and went over some embankment down onto the track about 18 feet below. Railroad men found them and struggled a train that was running down that track saving it from killing the entire party. Mr. Hoyle was injured internally. Mrs. Hoyle had a rib fractured and was badly bruised, and the children received painful bruises. Mrs. Hoyle was carried out on a stretcher and taken to the home of Mr. and Mrs. W. S. Lessig, where she spent the evening, she and Mrs. Lessig being sisters.

### Stood Well in Class.

Virginia Clark, son of Harry Clark of Uniontown, graduated 15 in his class of 73 in the third section of the midshipmen at Annapolis last week. Charles McK. Lynch, son of Mr. and Mrs. Thomas Lynch, of Greensburg, also graduated in the same section.

### THREE OTHERS ARE SCHEDULED

Including That of Wm. L. Cate for the Murder of Police Chief Thomas Guess at Belleverne—Two Suits on Promissory Notes.

UNIONTOWN, June 10.—The second week of criminal court began this morning with Judges E. H. Reppert and R. E. Umel on the bench. This week will be devoted chiefly to the trial of homicide cases. The first one taken up before Judge Reppert was that of John J. Collins, who is charged with the murder of Frank Patterson, a stable boss at Footedale. Collins struck Patterson with a stone on April 21 and the latter died a week later at the Uniontown Hospital. The men had engaged in a quarrel over a male. Up to noon today three jurors had been chosen. It will likely take all day to scene a jury.

There are three other murder cases on the list, one of which is that of Ex-Policeman Adam Smiley, charged with shooting Robert Larkins of Dunbar while the latter was trying to escape from him here two months ago. Probably the hardest fought case will be that of William L. Cate, who shot Chief of Police Thomas Guess at Belleverne a few weeks ago. Harry Walker and Zudors Brock, who are alleged to have killed Lily Jeffries at Royal works a week ago, may also be tried. Among the cases to be heard is that of Ed. Howard, Frank Clair, Thomas Malone and L. Fisher, the alleged slayers of May 14.

Elizabeth Healy has entered suit against James E. Barnes, A. J. Cochran and J. R. Barnes to recover on a promissory note for \$2,500. The note is on the New Salem National Bank and when it fell due it was not paid. The prosector alleges. The Title & Trust Company of Western Pennsylvania is suing to recover on a note of G. W. Hill and endorsed by Chas. J. Hill. The note is for \$500.

### NEW PLAYERS

To Strengthen Connellsville Team Taken Along on the Butler Trip This Morning.

The Connellsville ball team, strengthened and full of confidence, left this morning for Butler where the Soap Miners will be met for a series of three games. Several new players, brought in last evening by Manager W. S. Malarkey, went along with the team.

Malarkey has picked up four players. It is claimed are good, and has others in view. Nugent, former captain of the Greensburg team, will play short, while Danny O'Hara, turned out by Braddock, was to join the team in Pittsburg. O'Hara is a fast outfielder who can hit hard. Morrison of Punxsutawney and Jones of Wilkes-Barre, are two pitchers who come well recommended and will be given a trial. Other players are also in view.

Under a new arrangement of the club management, a Director of the Association is to go along with the team while it is on the road. President G. W. Bacon went along with the boys this morning. Infielder Lovel and Outfielder Wagner were handed the pink slip this morning.

### MONUMENTAL LIAR.

Steve Adams Says That Is What Harry Orchard Is.

BOISE, Idaho, June 10.—[Special.] Steve Adams arrived today and he is emphatic in his declaration that Harry Orchard is a "monumental liar." Orchard resumed the tale of his criminal career this morning in the Haywood trial.

Two years of his life yet remain to be reviewed.

### BILLS SIGNED.

The Employers' Liability Measure Is Now a Law.

HARRISBURG, June 10.—[Special.] Governor Stuart today approved the employers' liability bill and the bill giving railway mail clerks the same right as passengers in suits for recovery of damages for injuries sustained on railway trains.

### Have Special Business.

A special meeting of the New Haven School Board will be held this evening, at which teachers will likely be elected. The tax levy for the year will also be fixed.

## PARTNER IN CRIME.

Steve Adams' Story Will Be Even More Repelling Than Orchard's.

### HE REPUDIATES HIS CONFESSION

One of Orchard's Wives Is Relied on to Strengthen the Case of the Defense—Pinkerton Detective Played Dramatic Role.

Boise, Idaho, June 10.—Steve Adams, another prisoner witness for the state in the case against W. D. Haywood, is now on the way to Boise, coming from the jail at Wallace, Idaho, where he is held pending trial on the charge of murder. Adams, according to Harry Orchard, was a partner of the assassin in many of the "bumping off expeditions," successful and unsuccessful, to which Orchard has confessed.

Adams also confessed last year, but he repudiated the document when he faced the gallows. The confession is, however, shown to and in writing. It shows careful correction and interlineation in Adams' own handwriting. Astounding though it may seem, those who have seen Adams' confession say it surpasses Orchard's story of murder. The list of Adams' alleged victims is not so long as that with which Orchard credits himself, but this is said to be because Steve still hunted a single quarry, while Harry, in use his own words, "did not care whether he killed one man or fifty," as he "felt at that time."

There have arrived in Boise Mrs. Ida Toney Orchard, a widow with three children, whom Orchard took to be his wife, notwithstanding the existence of another wife living in Canada and known there under Orchard's true name, Horsley. Mrs. Toney will testify, it is said, that Orchard, while he lived at Cripple Creek, was in the employment of the mine owners. It is expected by the defense that she will be able to throw light on the motives of Orchard, and she will be relied on to strengthen the assertion of the defense that the mine owners and not the Western Federation of Miners were the conspirators who employed Orchard to murder.

Bloodhounds Tracked Murderers. Some new light has been thrown on the murder of Lyda Gregory in Denver. According to statements made by the police in Denver, Orchard and Simpson, or whoever Orchard's accomplice was, were suspected at the time of the murder. Bloodhounds tracked the murderers to the yard behind Pettibone's store, where Orchard says he hid his guns. Other evidence was also discovered. The police were about to arrest the two men, when, the story goes, orders came from some mysterious source that the men were not to be molested, and Orchard was allowed to get out of town. The statement is said to have been made by Chief of Detectives Loomis of Denver. Paul Gregory, a brother of the murdered man, has made a similar statement. It is likely that both will be called as witnesses.

A Pinkerton detective will testify that he has been a member of the Western Federation of Miners for several years and was vice president of local union. While not a member of the executive board, he was in confidence up to a certain point, and was making regular reports to the detective agency. This man will be a formidable witness for the state. His employment to join the Western Federation and learn their secrets is in line with detection of the Molly Maguires in Pennsylvania by Capt. James McFarland, who has had charge of the present case since the arrest of Orchard and who is now superintendent of the Pinkerton agency with headquarters at Denver.

May Refuse to Testify. After Orchard the state will probably put Adams on the stand. Counsel for the prosecution admit the possibility that Adams will refuse to testify, but they point out that if he refuses on the ground that it will incriminate him, his appearance will have served its purpose. His confession cannot be used against him. But if he admits making the confession and repudiates it, the sworn confession will be placed before the jury for what it is worth. There is some doubt as to what course Adams will follow.

The jury is allowed much freedom. Judge Wood gave orders to the sheriff that if the jury wished to go out in the country in street cars they should be allowed to go. Their jury house is a pleasant place, with rose-covered porches and green lawns, and the juryman receive visits from their families in the presence of bailiffs. They read the daily papers, which come to them mutilated, reports of the trial having been cut out.

Train Wrecker Confesses. Wilkesbarre, June 10.—In default of \$2,000 bail, L. J. Bennett, a discharged brakeman on the Lehigh Valley railroad, was committed to the county prison. Bennett is the man who attempted to wreck a Lehigh Valley passenger train at Fairview on Friday night last and confessed to the crime after he had been arrested.

Lightning Kills Five Cows. Bellefonte, O., June 10.—Lightning struck James Taston's farm and killed five cows. His little daughter was in the barn at the time, but was unharmed.

As small letters weary too are most, so also the smallest affairs disturb us most.—Montaigne.

## MISINFORMED.

Hinton and Brent of Uniontown Were Not Benched on Saturday.

We owe an apology to Captain Red Hinton and Brent of the Uniontown P. O. M. team. Saturday evening it was stated in Connellsville that Hinton and Brent were benched and that Davis had been put on first in place of Kellar. Uniontown defeated Zanesville 1 to 0 Saturday and Captain Hinton was pretty nearly the whole show for the Champs, aside from Manager Pearson's pitching. Red had two hits, one a two bagger, that scored the only run in the first inning and his belding was one of the features of the game. Brent was also in the game all the way.

Important changes are rumored in the Champs lineup and there is also rumor of serious internal dissension among the team and members over proposed changes.

## CITY LEAGUE OPENS.

First Game Will Be Played at the Park This Evening.

### MEETING WAS HELD YESTERDAY

B. & O. Clerks and the B. & O. Shops Will Meet for the First Game This Evening—Types and Retail Clerks Play on Wednesday Evening.

If everything goes off according to schedule, the City League will make its initial bow this evening at Marietta-Stillwagon park. The Executive Committee of the league got down to business yesterday afternoon and perfected all arrangements, including the adoption of a schedule for the entire season. Each team will play three games with each other club, making a total of 15 games apiece. The season will open this evening at 8 o'clock when the B. & O. Clerks will meet the B. & O. Shops. Tomorrow evening the C. M. & C. and Boyts, Porter & Company's teams will come together while on Wednesday evening the Types and Retail Clerks will battle for a place. Thursday's game will be between the B. & O. and C. M. & C.

Under the schedule arrangement, each team will play at least once a week, and occasionally two games within that time. The week of August 25 will see the end of the pennant race, if the teams hold together that long.

The Executive Committee organized with G. S. Connell, Chairman; Carroll Bell, Secretary, and C. W. Hays, Treasurer. It was decided that, instead of a \$10 forfeit being required, each team shall pay \$5 for its franchise, that money to be used for the general expenses of the league. At a previous meeting it was decided that the Executive Committee should furnish all balls necessary in addition to the two purchased by each club. This being the case, the Executive Committee will try to save money. All gate receipts are to be turned over to the Executive Committee. What remains in the treasury at the close of the season will be equally divided among the six clubs.

Much interest is being manifested in the new league, particularly among the teams interested. It is proposed that the three teams standing last at the end of the season shall hold a banquet for the others. A hot race is anticipated. Most of the teams have been practicing regularly and are ready for the game to link. The games will be called between 6 and 6:30 o'clock each evening. An admission fee of 10 cents will be charged. It will be worth twice that amount to see the exhibition of ball game of the aggregation will put up. Several managers are worried for fear that their stars may be gobbled up by the local West Penn nine.

The Courier is the official paper of the City League. In next Sunday's issue the full schedule will be printed. Frequent meetings will be held by the Executive Committee, into whose hands the management of the league has been placed.

## DAY IS VEHEMENT.

**Delivers Fiery Attack on American Officials, Newspapers and Institutions.**

### CALLS CONSTITUTION ELASTIC

**Criticizes Chief Executive for Alleged Prejudgment of Citizens, and Says Newspapers Are the Court of Final Resort.**

Syracuse, N. Y., June 10.—Chancellor James R. Day, in his baccalaureate sermon, delivered to 362 graduates at the commencement exercises at Syracuse university, grew fierce in his denunciations of President Roosevelt and his policies, although he did not mention the President by name. "Autocracy," "tyranny," "inviolability of the courts trampled under foot," "democracy of the republic becoming a farce and government by the people for the people a by-word," were some of the phrases which he rolled forth with unctious and emphasis. Chancellor Day spoke in part as follows:

"Our condition today is the result of an attempt upon the part of our millennium makers to set aside the principle of Christ that the wheat and tares shall grow together and to force by legislation an order of things unnatural, unreasonable and impossible. The great hosts of the people are in one common confusion. No one of them seems to be of sufficient commanding ability and influence to assemble the public mind and give it a new constructive direction. There is no difference in political parties; each claims that it is the author of the other's doctrine of agitation. Elements which hitherto have been considered dangerous assert proud claim to being the creatures of this amazing disorder of things which they declare is the high noon of socialism and the brightest hope ever known of emancipation from the tyranny of government and capital. The distinction between the executive, judicial and legislative order is disappearing in a form of oligarchy named commissions, with an autocracy at its head as tyrannical and supreme as the world has ever known, entrenched a hundredfold by flying the banner of democracy and claiming to be devoted to the salvation of the people from the conditions of their own prosperity. The constitution is a mere elastic band to hold the states in compact at the adjusting will of the chief executive.

"Judges are rebuked, the inviolability of the courts is trampled under foot in the name of the people. Judges appointed by the President are sitting upon cases in which he already has passed his opinion. While judges and juries are waiting to render decisions, but before they can do so, commissioners try the same case in the absence of the defendants and send forth their verdict to the people as a judgment, and the newspapers are the court of final resort. Messages are sent to congress branding men as guilty before they are put on trial. Other men are published to the country by executive authority as 'undesirable citizens' when they are about to be tried for their lives and when until now they would have had the presumption of innocence, whatever the indictment, until found guilty.

"The democracy of this great republic is rapidly becoming a farce and government by the people, for the people, a by-word."

### JUNE ON THE GREAT LAKES.

Restful, delightful, interesting, and instructive, there is no trip like that on the Great Lakes, those inland seas which form the border line between the United States and Canada. And June is one of the most charming months in the year in which to take the trip.

For comfort the fine passenger steamships of the Anchor Line have no superiors. As well-appointed as the palatial ocean greyhounds which plow the Atlantic, their schedule allows sufficient time at all stopping places to enable the traveler to see something of the great lake cities and to view in daylight the most distinctive sights of the lakes, and the scenery which frames them.

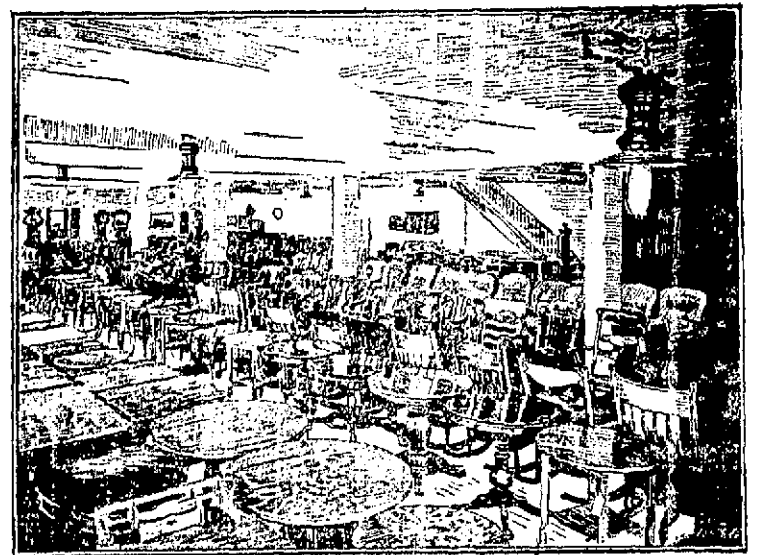

The trip through the Detroit river, and through Lake St. Clair, with its great ship canal in the middle of the lake, thence through Lake Huron, the locking of the steamer through the great locks at the Soo, and the passage of the Portage Entry across the upper end of Michigan are novel and interesting features.

The voyage from Buffalo to Duluth covers over eleven hundred miles in the five days' journey. Leaving Buffalo, the steamships Juniata and Tionesta make stops at Erie, Cleveland, Detroit, Mackinac Island, the Soo, Marquette, Houghton and Hancock and Duluth.

The Anchor Line is the Great Lake Annex of the Pennsylvania Railroad, and the service measures up to the high standard set by the "Standard Railroad of America."

Full details of this service may be obtained from principal Ticket Agents of the Pennsylvania Railroad.

## HATCHING TROUBLE.

Japanese Politicians Plotting  
Against the Peace of  
Two Nations.

### ASK RECALL OF VISCOUNT AOKI

Japanese Ambassador Incurs Their  
Displeasure Because of His Tem-  
perate Attitude—Japanese Press Is  
Optimistic.

Washington June 10—That the Japanese of the Pacific coast and the Progressives a political party of Japan, have entered into an alliance which has the earmarks of an international conspiracy with the overthrow of the present ministry in Japan and the annulment of the clause in the immigration bill excluding Japanese coolie labor from continental United States is the ultimate objective, has been learned here authoritatively. The preliminary steps in this scheme it is said, will be to induce the Tokyo government to recall Viscount Aoki, the Japanese ambassador to the United States and to demand an apology and perhaps an indemnity from this government for the alleged acts of violence against Japanese subjects residing in San Francisco.

With this end in view representatives of the faction hostile to the Baion ministry have been in Washington to consult with the Japanese ambassador and the state department officials regarding the objectionable clause in the immigration bill the recent riots in San Francisco. The report which they have sent to Tokyo is alleged to form the basis of a systematic campaign to bring about anti-American demonstrations in Japan and to force Foreign Minister Hayashi if possible to demand indemnity and an apology on account of the Japanese disturbances in San Francisco.

Charge Aoki With Treachery.  
These facts became known for the first time when it was learned that T. Takahashi representative of the Seattle Japanese society, O. Noda representative of the San Francisco Japanese society, and K. Kawakami representative of the Toronto Japanese society, had been in San Francisco.

VISCOUNT AOKI

(daily newspaper) of Tokyo came to Washington on April 21 and remained until May 12 during which time they were negotiating with the Japanese ambassador looking to the annulment of the Japanese immigration bill a tion law. This delegation failed in its purpose and it is stated after charging Ambassador Aoki with treachery to the Japanese of the Pacific coast and with misrepresenting conditions to his home government they telegraphed to Ootaka Yamakura, the personal representative of Count Okuma who was awaiting their report in Seattle Wash with the request that he communicate with the anti-administration leaders in Tokyo.

Messrs. Takahashi, Noda and Kawakami had an interview with Assistant Secretary of State Bacon on May 8. They then telegraphed Yamakura that they were dissatisfied with the attitude of the state department and the Japanese embassy and urged the necessity of carrying the fight to Japan. Acting upon this suggestion Yamakura sailed for Japan on May 14 on the steamship Aki. It is pointed out that the renewal of the anti-American agitation in the Japanese press has begun since his arrival in Tokyo on May 28. It is also believed here that he prompted the depiction of Progressives as a threat to Foreign Minister Hayashi for an explanation of the governments apparent inaction and want of efficiency in the presence of the grave diplomatic questions with the United States.

Tokio June 10—In regard to the recent attack on a Japanese bath house and a restaurant in San Francisco the Jiji advises its readers not to believe that the unfriendly sentiments of San Francisco people are shared by the whole American nation. The paper points out the danger to friendly relations between Japan and the United States which might result in such misapprehension. It also expresses full confidence that the Washington government will be able to settle the matter satisfactorily.

A financial genius is a man who can have a family and money at the same time.—New York Press.

## FEARS REMOVAL OF BODY

Fred Beilstein Wires Warning to Pacific Coast Authorities.

Los Angeles Cal June 10—The body of Bertha Beilstein a young woman who died under the name of Olga Miller after escaping from the Alhambra (Pa.) insane asylum where she had been confined after killing her mother is guarded by police officers day and night. Telegraphic advice from the east indicates an intention to dispute the identity of the body, the impression being that the real Bertha Beilstein sailed for Europe one week after she is said to have died in this city.

Telegrams from Fred Beilstein the girl's brother who is on his way to this city affirm positively that the body is that of his sister. He has made to disprove her death and advises them to guard against possible removal of the body from the vault in the Evergreen cemetery. According to the legal determination of Miss Beilstein's death involves title to a considerable fortune.

### ROSES IN PAYMENT

Twice in the lifetime of Baron Siegel payment was demanded and made. Then the custom fell into disuse until 1891 when it was revived.

M. Beaucaire trod a dainty step or two, waving his hand politely to the duke, as though in invitation to join the celebration of his rank.

"Ah, what radiance!" he cried "Those people up over the sky, they want to show they wish the earth to be happy, so they smile and make this lady—Gold haired, an angel of heaven, and yet a Diana of the chase! I see her fly by me on her great horse one day. She touch his mane with her fingers. I buy that clipping from the groom. I have it here with my dear brother's picture. Ah, you! Oh, yes, you laugh! What do you know? 'Twas all I could get. But I have heard of the endeavor of M le Duc to reconquer his fortunes. This alliance shall fail! It is not the way—that heritage shall be safe from him! It is you and me, monsieur! You can laugh! The war is open, and by me! There is one great step taken. Until tonight there was nothing for you to run tomorrow you have got a noble of France—your own protegee—to besiege and sack. And you are to lose, because you think such run easy and because you understand nothing—far less of divinity. How could you know? You have not the fiber. The heart of a lady is a blank to you. You know nothing of the vibration. There are some words that were made only to tell of Lady Mary, for her alone—bellissima, divina, glorious! Ah, how I have watch' her! It is sad to me when I see her surrounded by your young captains, your nobles, your rattles, your beaux—jia, ha!—and I mus' hol' far aloof. It is sad for me, but oh, just to watch her and to wonder! Strange it is, but I have almost cry out with rapture at a look I have see' her give another man, so beautiful it was, so tender, so dazzling of the eyes and so mirthful of the lips. Ah, divine

CHAPTER II.

"No," he cried earnestly. "I feel a poor Frenchman whom emperors should save." Then, bravely and with the pride of his gallant official in every line of his light figure, invested in white satin and very graceful he had prophesied M. le Duc de Chateaurien handed Lady Macbeth the steps, an achievement which he figured in the ambitions of seven or her unknown *during the evening*

## LIVELY MEETINGS SCHEDULED IN COUNCIL AND SCHOOL BOARD

Former Body Has One Set for Tomorrow Evening When  
Clash Is Expected Between Several Members.

### THE SCHOOL BOARD DEADLOCK

Over Election of a Secretary May Pro-  
long Tuesday's Meeting but It Will  
be Interesting—Both Sides Said to  
Stand Firm as on Organization Night  
Last Monday.

From The Sunday Courier.  
Connellsville's two most important  
public bodies, Town Council and the  
School Board, are scheduled to hold  
meetings this week. Both are con-  
tinuations of the regular monthly gatherings  
scheduled for last week. Town  
Council failed to convene last  
Monday owing to the absence of a  
quorum, while the School Board will  
make an effort to break the deadlock  
which exists over the selection of a  
Secretary.

President George Porter has called a  
meeting of Town Council for tomor-  
row evening. Some interesting devel-  
opments are expected. Lively times  
are anticipated. There is little doubt  
but that the present order of things  
will be changed. President Porter has  
had a break with at least two mem-  
bers of the side which placed him in  
the chair. It is reported that he will  
"line up" with the three "powers that  
were" in last year's past, Connellmen  
Stillwagon, McCormick and Dean.

Since Council organized things have  
not been running as smoothly as they  
might. Friction has existed among  
the members which has resulted in a  
good bit of useless legislation and the  
neglect of a good many measures that  
should have been passed. President  
Porter lays the blame at the doors of  
Council men, Fred and Girard, while  
they, in turn, charge him with being  
at fault. At all events, the new or-  
ganization it appears has been broken.  
Whether one of the remaining  
four Councilmen has decided to "fly"  
with President Porter will not be  
known until tomorrow evening. If  
such is not the case, however, a dead-  
lock may result which might result in  
a disagreeable entanglement.

A long seige is expected at the  
School Board meeting which Presi-  
dent John L. Gans has called for Tues-  
day evening. The Board is deadlocked  
over the selection of a Secretary, W.  
D. McGinnis and Frank O'Connor, Jr.,  
being the nominees. The Board is  
evenly divided on this point and it is  
hardly expected that the deadlock will  
be broken at the next meeting. Both  
sides are standing pat and it is ex-  
pected that many ballots will be taken  
before this question is finally settled.

### CROWDED CHURCHES

To Attend the Children's Day Exercises  
Sunday Evening.

Children's Day was fittingly observ-  
ed by the majority of the churches  
yesterday, one of the services being  
turned over to the children of the  
Sunday schools. Special programs  
were rendered at the Christian, First  
Presbyterian and Methodist Protestant  
churches. Large crowds turned  
out to witness the services.

Every seat was taken and chairs  
were placed in the aisles. The decora-  
tions were beautiful, consisting of  
palms, ferns and cut flowers being  
used. The money raised at these ser-  
vices will be turned over to some spe-  
cial work of the church. The money  
raised at the Christian Church will be  
turned over to the Foreign Mission-  
ary fund.

### SECOND START.

Made to Order Weather Prevailed at  
Jamestown for Today's Exercises.  
JAMESTOWN, June 10.—[Special.]  
Had the managers of the Exposition  
also been managers of weather, a finer  
day for the exercises could not  
have been produced. President Rose-  
velt today gave the Jamestown Ex-  
position a second start amid events  
most auspicious.

There was almost as brilliant gath-  
ering of notable personages and a  
much larger military display than on  
the opening day.

### Will Be Wed Tomorrow.

Miss Amelia Fornwalt, daughter of  
Mr. and Mrs. A. G. Fornwalt of New  
Haven, and Roy Van Sickle of Somer-  
field will be united in marriage tomor-  
row evening at the home of the bride-  
elect. Only the immediate relatives  
of the contracting parties will witness  
the ceremony.

### Bullskin School Board Organizes.

The Bullskin township School Board  
has organized by electing C. O. Brown  
President, Peter Shultz Treasurer, and  
J. S. Boyd Secretary. The tax levy  
was fixed at 8 mills for school pur-  
poses and two mills for building. The  
teachers' wages will be \$40 and \$45.

### Japanese Entente Signed.

PARIS, June 10.—[Special.]—The  
Japanese entente was signed today.  
The principal provisions are for the  
maintenance of China's integrity as  
well as of territory claimed by each  
of the contracting powers in the Far  
East.

### Small Wreck.

A small accident at Pittsburgh yes-  
terday morning delayed traffic on the  
B. & O. for several hours and derailed  
eight cars.

### FIRE AT STEWARTON.

Spark from Engine Starts Costly Blaze  
in Mountain Town.

A costly blaze was started at Stew-  
arton yesterday afternoon when the  
store of Joseph Heiwiek was totally  
destroyed. The position was located in  
the store.  
A part of the stock and all mail mat-  
ter was saved. Efforts of a bucket  
brigade to quench the flames were to  
no avail.

### A GREAT HELP.

To Those Who Desire to Save  
Money.

One of the greatest helps in saving  
money ever devised is the Little Home  
Safe which the First National Bank  
of Connellsville furnishes free to de-  
positors in its Savings Department.  
It enables the saving man, woman or  
child to have a little bank in the home,  
always open for deposits, in which  
small sums that one would not care  
to take to the bank may be placed  
from time to time, but the money can  
only be removed at the bank, where  
the key is kept. Usually, once or  
twice a month the little safe is taken  
to the bank, opened, the money count-  
ed and the contents placed to his or her  
credit, at 1 per cent. interest. It's  
a good way to save money and we ad-  
vise our readers to try it.

### AT MT. NEBO CHURCH

Children's Day Services Were Held on  
Sunday Evening.

SCOTTSVILLE, June 10.—[Special.]  
Mt. Nebo United Brethren Church  
Rev. J. L. Lechleiter, pastor, and M. F.  
Stoner, superintendent, held Children's  
Day exercises on Sunday evening.  
An immense crowd from the coun-  
ty for many miles was there and peo-  
ple, who were compelled to stand,  
lined both sides of the aisles. The  
decorations were very lovely  
and profuse and the program, "The  
Power of Beauty," was carried out  
with fine effect.

cates for the County, State, Dog and

## Reserve Thy Judgement

About shoes until you wear a pair of shoes bought at John Irwin's,  
as he handles the most up-to-date lines of shoes in the city. Shoes  
that when you wear a pair you will be well able to use your own  
judgement as to the quality of them. We are making it plainly  
understood that each pair of shoes sold must give perfect satis-  
faction to the wearer, otherwise money will be refunded, as it is  
unwise to let a person a pair of bad shoes and ever expect them  
to come back to your store for another pair. Their judgment  
would not be wise if they would come back. We want every cus-  
tomer we have to come back so that is simply the reason we do  
not sell any shoes that are not good. We have on sale every day  
a pair of shoes that is beyond any question of doubt the most com-  
fortable shoe that was ever made. When you wear a pair once you  
will always wear them.

## JOHN IRWIN.

### Sneezing Clears the Brain.

Sneezing is the best brain clearer  
known. Many persons consider an  
attack of faintness, or fainting, with  
a violent sneeze. Our ancestors took  
stand from a belief in the efficacy of  
sneezing. But tobacco so taken is in  
part absorbed into the blood and hurts  
the system.

### Where We Have Failed.

Let us see that whenever we have  
failed to be loving, we have also  
failed to be wise; that whenever we  
have been a blind to our neighbors' in-  
terests, we have also been blind to  
our own; whenever we have hurt oth-  
ers, we have hurt ourselves much  
more.—Charles Kingsley.

## Our Daily Bulletin

Tomorrow's Store News Of Interest to the Thrifty

**I**T was an expert cross examiner who took  
a department store sale announcement  
offering \$6,000 worth of goods that  
"said the ad," had been bought from over-  
loaded manufacturers at \$3,000. Then fol-  
lowed details of quantities. A tabulation of  
the latter showed that if all these goods were  
sold at sacrifice prices the total receipts would  
reach \$13,458—a profit of \$10,000. That's  
what you have to guard against in some ad-  
vertising.

We want you to cross examine the  
bulletin, it never attempts exaggeration.
